ABOUT US

KBS Certification Services Pvt. Ltd. (KBS), established in 2005, offers services across the spectrum of Climate Change, Sustainability Reporting and Assurance, Third party assessment in Management System Certification, Product certifications including CE marking, Training, and Inspection.

In 2011, KBS emerged as the 1st Indian Designated Operational Entity (DOE) to be accredited by UNFCCC CDM Executive Board and became one of the world's few leading Validation & Verification Bodies (VVB). KBS clientage is spread over more than 35 countries across all industry, industrial sectors and in all industrial sizes.

"Our aim is to provide quality services in time, maintaining total impartiality and confidentiality in our operations."

Vision

- Our vision is to be a progressive company recognized for its transparency, strong credibility, impartiality and competency by maintaining the ethics of the business, controls and continuous trainings.
- We strive to improve the quality through excellence in all facets of its activities and to commit by creating value for our client by continually improving our system.

Mission

- Our mission is to become an organization providing the specialized services in the conformity field in the international domain.
- We yearn to ensure our clients for: -
 - Quality
 - Commitment
 - Trained and dedicated resources

WHY US?

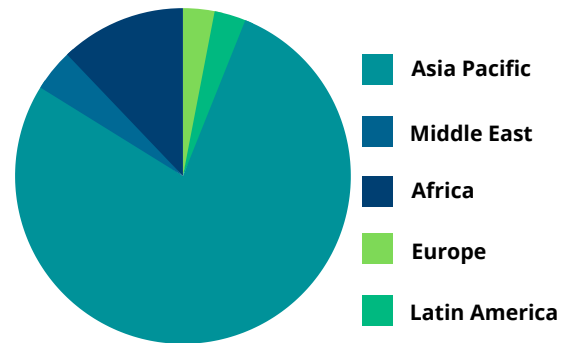

- A premier DOE/VVB with a pool of experienced auditors.
- Accredited by UNFCCC (for CDM), IAF member- NABCB (for ISO 14065:2013 and Zed Scheme), Global Carbon Council (GCC), VERRA (for CCB, VCS & SD Vista), Gold Standard Foundation (GS4GG) and various other standards like SOCIAL CARBON, CERCARBONO, PROCLIMA for carrying out validation and verification of GHG/climate change mitigation projects.
- Validated / Verified more than 500 GHG mitigation projects globally covering most of the sectors
- KBS outranked all the other DOE's with the highest number of projects as per the Annual Synthesis Report (2019-2020)
